

INLET WORKS PRODUCT OFFERING

Regardless of industry, intake water must be treated before it can be used downstream. Ovivo's headworks/inlet works conditioning equipment ensure that even the most stringent screening, screening handling and grit removal requirements are achieved.

BRACKETT GREEN® DUAL FLOW TRAVELING BAND SCREENS

- 1.5mm to 10mm apertures
- 0-500MGD+ flow rate
- Minimal maintenance

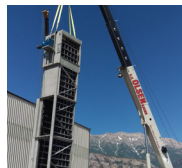

BRACKETT GREEN® CF100 BAND SCREEN

- 2mm, 3mm, 5mm & 6mm apertures
- 2-20 MGD
- Large debris capacity

BRACKETT BOSKER® AUTOMATIC RAKING SCREEN

- 0-400' in depth
- Bar spacing as low as 0.75"
- Debris loading of 500-6600lbs per pick

BRACKETT BOSKER® CF200 BAND SCREEN

- 2mm, 3mm, 5mm & 6mm apertures
- 10-75 MGD
- Large debris capacity

BRACKETT GREEN® BAR SCREENS

- HDG, 304, 316, & duplex construction
- Fully custom solutions
- Removable or permanent

BRACKETT GREEN® STATIC SCREEN

- Fully custom solutions

Worldwide Experts in Water Treatment

**BRACKETT GREEN®
DOUBLE ENTRY DRUM SCREENS**

- 0.5, 1, 2, 3, 5 & 6mm apertures
- 0.5-500MGD+
- Ovivo's elite technology

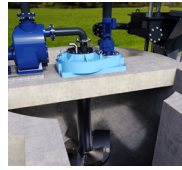

**BRACKETT GREEN®
S.I.M.P.L.E.® FISH HANDLING SCREEN**

- To be used in conjunction with Brackett Green® Dual Flow Traveling Band Screens

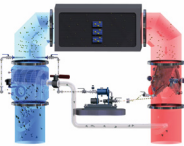

**BRACKETT GREEN®
DEBRIS FILTERS**

- 12"-96"+ flanged connections
- 3mm-15mm apertures
- Patented

**J&A®
JETA® GRIT SYSTEM**

- 0-115MGD
- Internal grit washing
- Protect downstream equipment

**BRACKETT GREEN®
AUTOMATIC TUBE CLEANING SYSTEM**

- Patented
- Compact design
- Fully custom solution

**J&A®
CLASSIFIER**

- Paired with Krebs Cyclone
- Separation of grit from water
- 2 classifier sizes available

**OVIVO®
OZZY CUP SCREEN**

- Straight channel design
- Exceptional solids handling capabilities
- Retrofittable to existing channels

**J&A®
STONE TRAP™ GRIT SYSTEM**

- Protect downstream equipment
- Remove small stones and rocks
- Low operating cost

**BRACKETT GREEN®
STOPGATE™ MODULES**

- Custom design
- Vertical storage simplifies handling
- Durable anti-corrosion materials

**J&A®
SCREW COMPACTOR**

- 0-318 Cubic Feet Per Hour
- Internal machine wash system
- High capacity drive system
